Day 3: Thursday, Aug. 27, 2020 •

Volcano Crater, Seals, Fjords & Mountains

This morning we meet our tour guide and depart from the hotel. We travel west, passing the town of Borgarnes and climb the Grábrók volcano crater. In the afternoon we visit a natural history & seal museum in Hvammstangi, a small fishing village in Northwest Iceland, after the museum we stroll around the local harbour. Further north we stop at the turf church of Víðimýri which has been extensively restored to its original form and is widely considered one of the purest and most beautiful examples of traditional Icelandic architecture. We continue along scenic fjord landscape and over several mountain passes until we reach Akureyri, the capital of North Iceland. **B, D**

Day 4: Friday, Aug. 28, 2020 • The Capital of North Iceland, Lake Mývatn & Geothermal Baths

In the morning we explore Akureyri, a charming town of 17,000 inhabitants. We visit the botanical garden and enjoy the panoramic view over Eyjafjörður fjord. In the afternoon we travel to an important spot in Iceland's history, Goðafoss, the waterfalls of the gods. We continue to Lake Mývatn which is known for its geological wonders and active bird life during summer. Our next stop is the bizarre lava formations at Kálfaströnd followed by a walk around the many pseudo craters and before ending an exciting day with a relaxing soak at Mývatn Nature Baths. The baths contain a unique blend of minerals, silicates and geothermal micro-organisms – a soothing combination for skin and spirit alike. **B, D**

Day 5: Saturday, Aug. 29, 2020 •

Lava Labyrinth, Hot Springs & Travel East

In the morning we hike in a lava labyrinth at Dimmuborgir, "the dark castles", hoping to get a glimpse of the trolls who are said to live there. After lunch, on our own, we visit the hot spring area of Námaskarð with bubbling mud pools and steaming solfataras. We head through the uninhabited highlands and moonlike surroundings to East Iceland. With some luck we might spot an Arctic fox or a reindeer. We check into our hotel for overnight. **B, D**

Day 6: Sunday, Aug. 30, 2020 • Fjords, Glacier and Ice

It's a day to admire the dramatic fjord landscape and its tiny fishing

villages at the end of twisty roads in the East Fjords. On route we see an interesting stone and mineral collection. In the afternoon we see Vatnajökull – Europe's biggest glacier that is visible all over Southeast Iceland. Past the town of Höfn, we stop at Jökulsárlón, a glacial lagoon filled with floating icebergs. We explore the extraordinary site and might even see seals swimming in the arctic waters. We can walk on the black sandy beach where large icebergs get stranded. Continuing along the southern part of the glacier Vatnajökull, we spend time at Vatnajökull National Park, Europe's largest national park, which has Iceland's highest mountains, an alpine environment, and Europe's largest glacier. **B, D**

Day 7: Monday, Aug. 31, 2020 • South Coast

A beautiful drive with many natural wonders awaits us today as we head across the Eldhraun lava field. We cross the sandy desert of the south coast, overlooked by mountainous cliffs, glaciers and waterfalls and stroll along the black lava beach of Reynisfjara near Vík. In the small village of Skógar, we view the Skógafoss waterfall, which is 60 meters high and is one of the most impressive waterfalls in the country. Further west, we stop at the Eyjafjallajökull Information Center and learn about living next to a glacier and an active volcano before continuing to the high but narrow Seljalandsfoss waterfall, which plunges over the mountain. There is an interesting trail that goes behind the fall – if you are prepared to get wet! **B, D**

Day 8: Tuesday, Sept. 1, 2020 •

Icelandic Horses & Golden Circle

We explore classics today, as we travel the route of the Golden Circle sights. We start the day at Friðheimar, where we learn about the Icelandic horse, its special qualities and history and pay a visit to a geothermal greenhouse. Later on, we see steam from the Geysir geothermal fields, there are a variety of hot springs and bubbling pools. The original geyser is now dormant but has been replaced by Strokkur "the Churn" which erupts at 5-10 minute intervals. We continue to Gullfoss, "the golden falls", which is a double waterfall that tumbles 34 meters into the Hvítá River and attracts travelers all year round. Traveling inland we visit Thingvellir National Park, a UNESCO World Heritage site. As we return to Reykjavik, we take a short city tour to show highlights of the world's northernmost capital. **B**

Then, we drive through the Grampian Mountains in the Highlands and venture down into the Cairngorms National Park, the largest in Britain. It covers almost 2,300 miles of beautiful and unspoiled countryside including wild moorlands, soaring mountain peaks, granite Ice Age glacier heaves, and spectacular valleys, rivers and lochs (lakes) as well as a huge variety of wildlife.
