

Tour: KACM26

Adler Planetarium

# Evolving Faith

## Exploring Science and the Bible

**August 14 - 19, 2026**

On this six-day journey, we visit the Field Museum of Natural History in Chicago on our way to the state-of-the-art Creation Museum and world-renowned Ark Encounter in Kentucky. It will be an adventure through space and time for the head and heart as we explore our ancient faith amidst new scientific discoveries. This tour will be a visual extravaganza with time for fellowship, worship and stimulating conversations about faith, biblical interpretation and the role of science in our world. This journey is for ages 8 and above.

**Day 1: Friday, August 14, 2026 • Departure**

Our adventure begins early this morning as we board our motorcoach and head for the vibrant city of Chicago. Along the way, we have time to get to know one another through icebreakers, fun group activities, and a devotional to create the mood for our journey. Upon arrival, we visit Adler Planetarium to be immersed in the grandeur of the Universe and start thinking in light years. We check into our hotel and dinner is on your own.

There are several dining options near our hotel including a short nine minute walk to Lou Malnati's Pizza - Chicago's best iconic deep-dish pizza. A 15 minute walk to Navy Pier offers multiple choices or stroll along Michigan Avenue's Magnificent Mile.

**Day 2: Saturday, August 15, 2026 • Cincinnati, Ohio area**

This morning, we step into the wonders of the Field Museum, home of Sue, the world's largest and most complete T. rex. Together we walk the

**From \$1,389**

- ★Price increases May 6, 2026 by \$50 per person
- ★Final payment due June 5, 2026

4.5-billion-year evolutionary timeline, while still leaving time for exploring the rest of the museum or enjoying the Chicago Lakeshore, exploring Millennium Park, and taking photos at Cloud Gate (“The Bean”). Mid-afternoon we continue our journey to the Kentucky area, where we settle into our hotel for the next three nights. **B**

**Day 3: Sunday, August 16, 2026 • Cincinnati, Ohio area**

We start Sunday with breakfast, worship, and an early lunch on our own, before spending the afternoon at the Creation Museum. The 75,000 sq ft Creation Museum attempts to connect modern science with the biblical witness of Genesis. At the center of the museum is a chronological retelling of biblical history beginning with Creation and fast-forwarding to Christ’s return. In addition to the stunning exhibits, botanical gardens, petting zoo, and nature trails, the Museum offers many FREE program opportunities including several hands-on, interactive programs in a variety of science topics that help you explore God’s creation in an exciting and memorable way. The Creation Planetarium offers 25 minute programs throughout the day (timed tickets: \$6-\$10 fee Purchase on site). We return to our hotel for

dinner and large group conversation. **B, D**

**Day 4: Monday, August 17, 2026 • Cincinnati, Ohio area**

Today, we visit the awe-inspiring Ark Encounter, a full-size replica of Noah’s Ark, built according to the dimensions given in the Bible. This modern engineering marvel spanning 510 feet long, 85 feet wide, and 51 feet high amazes visitors young and old and brings life to the Ark of Noah’s day. The exhibits are designed to address the biblical account of Noah’s Arc. This up-close exploration of the biblical story opens old and new questions of faith and science. In addition to the three decks in the Arc, the zoo, an Italian-made carousel ride, a concert, the many different free events/programs about animals and presentations from engaging speakers, there are camel encounters/rides (\$5-\$10 fee Purchase on site), and a mining sluice (\$10-\$35 fee Purchase on site). Enjoy A Flood of Reality, a totally immersive 4D virtual reality time machine and you witness the building of Noah’s ark, experience the flood, and venture inside the ark with the animals, (\$12 - \$16 fee Purchase on site). After a full day, we return to our hotel for dinner and fellowship. **B, D**

**Day 5: Tuesday, August 18, 2026 • Indiana Dunes, Indiana**

This morning, we check out and begin our journey north. We stop for lunch on our own before arriving at Indiana Dunes National Park, where sweeping sand dunes meet the shores of Lake Michigan. Here, we learn about the dunes and engage in acts of creation care followed by free time to explore the beach, hike the trails, or simply relax by the water. Later, we continue to our hotel for check-in and conclude the day with a farewell dinner, sharing reflections and stories from our journey together. **B, D**

**Day 6: Wednesday, August 19, 2026 • Return**

On our final travel day, we depart the hotel, carrying with us new friendships, cherished memories, and the inspiration of all we have experienced together. Following a stop near Madison to get lunch on your own and stretch our legs, we re-board our motorcoach and continue the journey home, with an expected arrival by early-evening. Our journey may be coming to an end, but the stories and fellowship we’ve shared remain with us long after we return home. **B**

***Go in Peace, Share what you have witnessed.....***
